Privacy Notice for business contacts

Navelink processes the following personal data for business contacts:

- Name
- Telephone number
- Email address
- Job title
- Role
- Work address

Controller of your personal data

Navelink Industry Consortium is governed by Combitech AB.

Combitech AB is the legal entity authorized to enter into engagements and also the controller of the personal data that is processed on behalf of Navelink.

We collect the personal data directly from you or from the organization that you represent or in some cases from publicly available services or registers, authorities or institutions.

Processing and collection of personal data

The purpose of Navelink's processing of your personal data is (i) to carry out an organization enrolment based on your application, (ii) to provide relevant information to you/your employer about Navelink's services, and (iii) to facilitate current and/or future engagements between Navelink and your employer.

Navelink's processing of your personal data is based on the legitimate interests pursued by Navelink. This means that Navelink is of the view that its interest in processing your personal data for the purposes listed above prevails the privacy violation that you are exposed to as a result of the processing. This conclusion from our balance of interest test is made especially due to the fact that (i) it is crucial for Navelink to process contact information to a representative of Navelink's business partners, and (ii) that the processing of your personal data is limited to the extent possible.
